

Opportunities for People with Disabilities

Explorers

Explorers is a social recreation program from Community Connections that offers adults with IDD/ASD opportunities to gain experience and new things, learn social skills and develop meaningful friendships. They experience more inclusivity in the communities where they live and work as well as an opportunity to pursue their lifelong hopes, goals, and dreams. Explorers offer real-life experiences for the people we serve, "let's have fun and learn about each other." It is also an opportunity for the community to see the people we serve and the wonderful things that they bring to any group.
