Explorers Program

The Explorers program is a structured social and recreational program designed to promote independence, build friendships, strengthen community connections, and build skills for individuals with disabilities. At the same time, Explorers provides high-quality, reliable respite services for families and caregivers, offering them consistent and trusted time to rest, work, and manage other responsibilities. By combining meaningful participant experiences with dependable caregiver support, the program plays a vital role in sustaining both individual growth and long-term caregiving stability.

We are excited to offer a variety of fun and engaging activities this month. There is truly something for everyone! We encourage you to try something new, learn a new skill, and make new friends along the way. We look forward to seeing you participate and enjoy all that this month has to offer.

Community Connections, Inc. is committed to growing community engagement programming and respite services to individuals throughout Cape Cod. We are extremely grateful to the **Lawson Charitable Foundation** and **Copeland Subaru/Subaru of America** for their generous financial support. Through their contributions, Community Connections is able to offer scholarships that may reduce or eliminate the cost of participation for eligible individuals. Scholarships are awarded based on demonstrated financial need. Please reach out to Valerie DuBois, 508/744-1130 and vdubois@ccimass.org to inquire about scholarship opportunities.
